

Indianapolis *Gregory A. Ballard, Mayor*

REBUILDINDY

Department of Public Works

56TH STREET BRIDGE OVER EAGLE CREEK RESERVOIR

RebuildIndy is Mayor Greg Ballard's initiative to restore deteriorating thoroughfares, residential streets, sidewalks and bridges, as well as address neighborhood drainage and flooding issues and demolish unsalvageable abandoned homes that pose a public safety threat to neighborhoods. This investment in infrastructure will address problems throughout Indianapolis.

These construction projects will create local jobs and ultimately increase public safety for neighborhoods and residents, which supports Mayor Ballard's commitment to make Indianapolis a more livable city.

PROJECT SCOPE

The Department of Public Works (DPW) has completed a bridge rehabilitation project planned for Pike Township. The 56th Street Bridge over Eagle Creek Reservoir project improvements included a complete bridge rehabilitation and replacement of the existing deck and railings. The project coincided with other planned projects for the causeway across the reservoir, including a lift station, force main project and resurfacing project.

PROJECT DETAILS

PROJECT STATUS: Complete

CONSTRUCTION PERIOD: July 2011 to June 2012

PROJECT COST: \$1.3 million

CONTRACTOR: Janssen & Spaans Engineering Inc.

PROJECT BENEFITS:

- Improved connectivity
